I talked to Ed again about this. He seemed to think NSD has a document from them with more info which he would like to review. If that is right, should I reach out to Jay?

Thanks.

Hi, Steve thanks so much for your flexibility in working on this speech this weekend. Kevin, Adam, and Marc can give you a sense of what should be in it; we are waiting for EDNY to send us the release (which you should be able to largely draw from for the speech) unfortunately, I don't think we will have a draft from them until sometime this weekend. Thanking Canada is a key point to make see below for a draft statement we never used, but you can likely incorporate a version of into your speech.

FYSA:

I called CRM (Kevin) just to check in to see if CRM needed anything since it's been radio silence since Sun afternoon, when we were all on the email chain with Keri.

Kevin said CRM was good for now, but will let us know if things change. Kevin also forwarded me the below/attached, reflecting that CRM and NSD have been working together on press-related issues. I did not see anyone from ODAG on chain below. So am forwarding for shared awareness.

(b)(5)

He will reach out if so, and otherwise does not need anything from ODAG for the meeting.

**Attachments:** Huawei Indictment PR DRAFT 1.28.19.docx

Good morning,

Here is the draft. Are we addressing either of the comments in the document? Are we leaving both sentences in the release?

Thanks,  
Anela

**Subject:** (b)(5) DPP per CRM draft PR 1-28-2019 EDNY Release  
**Importance:** High

Anela, please flip this to national release format. We are still waiting on the FBI and DHS quotes and approval of the AG quote.

Adam, You were one version behind in your edits... You edited 0830 and 0835 was the most recent. No problem, I'm asking Sonya to take the 0835 one and update it with your 0915 edits and send us the updated version.

Plus Sonya

Anela, I removed the comments and adjusted the language regarding the second one.

This needs the final AG quote, the FBI quote and the DHS quote. Please use my time/date stamp format to avoid version control.
