To the extent this factors into the considerations (b)(5) wanted to make sure this was on your radar.

###

Today, the House Oversight and Reform Committee majority requested information from social media companies about threats to federal law enforcement. The accompanying press release is below.

[Chairs Maloney and Lynch Call on Social Media Companies to Address Violent Threats Against Federal Law Enforcement](#)  
*Spike in Threats Follows Republican Rhetoric on Mar-A-Lago Search*

**Washington, D.C. (August 19, 2022)** Today, Rep. Carolyn B. Maloney, Chairwoman of the Committee on Oversight and Reform, and Rep. Stephen F. Lynch, Chairman of the Subcommittee on National Security, sent letters to social media companies Meta, Twitter, TikTok, Truth Social, Rumble, Gettr, Telegram, and Gab, requesting information on how these companies are responding to a spike in online threats against law enforcement officers since the Federal Bureau of Investigation (FBI) conducted a court-authorized search at former President Trump's Mar-a-Lago Club last week.

"We are concerned that reckless statements by the former President and Republican Members of Congress have unleashed a flood of violent threats on social media that have already led to at least one death and pose a danger to law enforcement officers across the United States. We urge you to take immediate action to address any threats of violence against law enforcement that appear on your company's platforms," wrote the Chairs.

Following the August 8, 2022, FBI search at the Mar-a-Lago Club, former President Trump and Republicans in Congress made multiple statements attacking law enforcement, including calls to "destroy" and "defund" the FBI.

On August 12, 2022, the FBI and the Department of Homeland Security (DHS) issued a Joint Intelligence Bulletin warning about a sharp rise in threats against federal law enforcement. The President of the FBI Agents Association warned that the threats against FBI agents are "real" and "imminent."

On August 11, 2022, a man wearing body armor and carrying an AR-15-style assault weapon attempted to breach the FBI's Cincinnati field office after threats against law enforcement were posted to a Truth Social account in the attacker's name. On August 12, a former White House aide to former President Trump used Truth Social and Telegram to release personal information from two individuals he identified as FBI agents involved in the search. On August 15, a Pennsylvania man was arrested and charged with making threats of violence against FBI personnel on Gab.

"The Committee strongly supports the First Amendment rights of all Americans to speak out about the actions of their government and law enforcement matters, including on social media platforms. However, threats and incitements of deadly violence are unacceptable and against the law. The Committee is seeking to understand how your company responds when users post threats against law enforcement, how your company plans to prevent your platform from being used to incite violence against law enforcement personnel, and whether legislative reform is necessary to protect

law enforcement personnel and increase coordination with federal authorities,” wrote the Chairs.

Jim/Evan:

In light of President Trump's statement last night on his social media platform that he wouldn't oppose the release of the court documents and encouraged their "immediate release," may we represent to the court that you have confirmed that this constitutes non-opposition/consent to the motion? **YES** If so, I think that also would obviate the need for a call at 2. [AGREED](#). Thanks.

Jay

Andres Triay

Hi. It is Andy. In the trump suit it alleges that a message was sent to the AG from trump right before the AGs appearance in the briefing room at doj. Any guidance? I'm on a real tight deadline. Thanks.

Perry Stein

Hi Anthony - this is Perry Stein from the Washington Post. When you have a free moment, would you mind please giving me a call? Wanted to ask you something for a story on deadline. Thank you!

3:29 PM

Perry Stein

Hi Anthony- wanted to follow up on our previous conversation and see if you had a comment. Happy to answer any further questions you may have on what we are reporting.

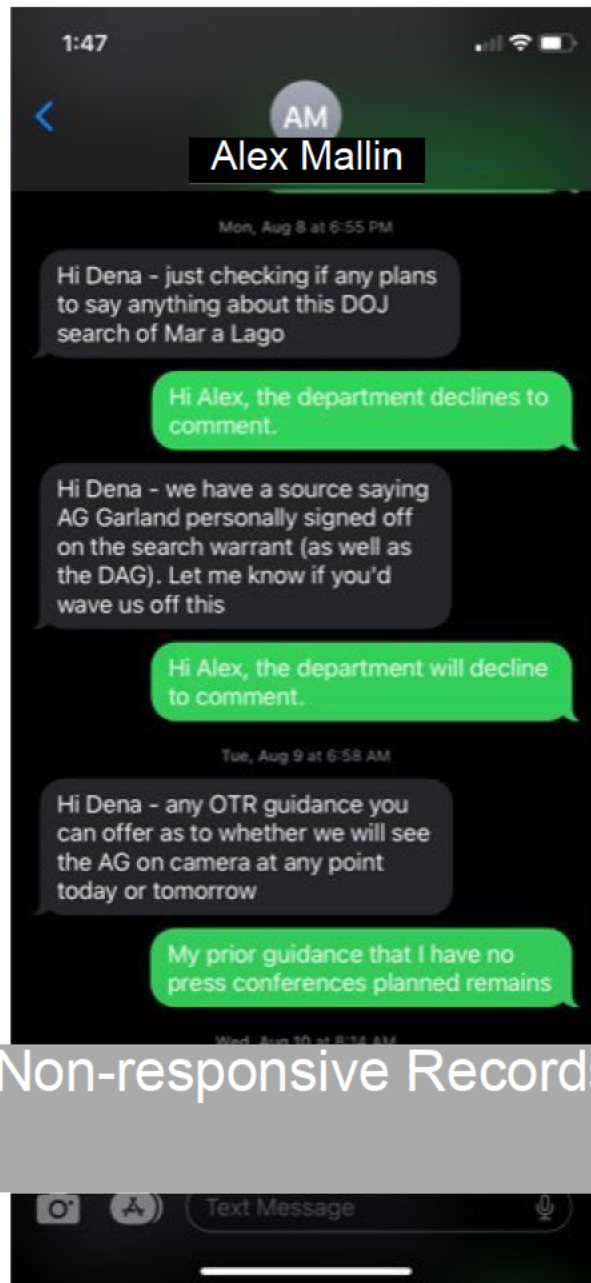

We are also reporting on Trumps filing this afternoon. In it he claims that he fully cooperated with the investigation and the search was "shockingly aggressive ." He also provided his timeline of the events leading up to the search, including that he invited jay bratt to mar a lago on June 2 to look at his storage facility.

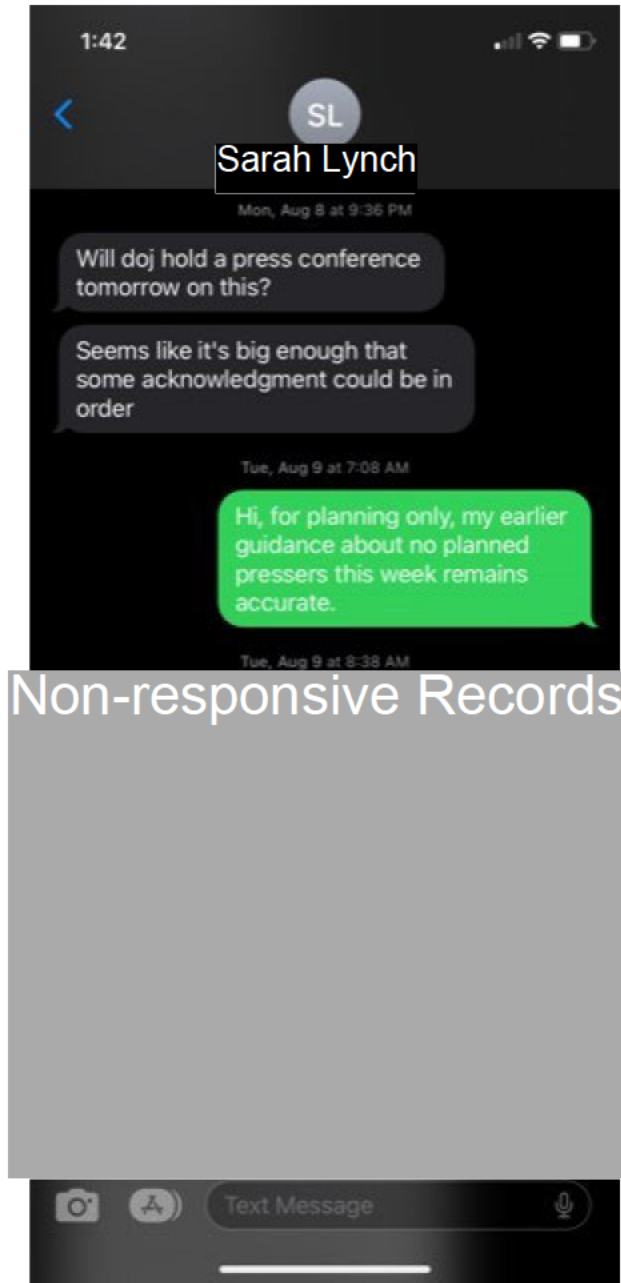

6:25 PM

Do you have any comments on the filing, his accusations in it, or the timeline he presents?

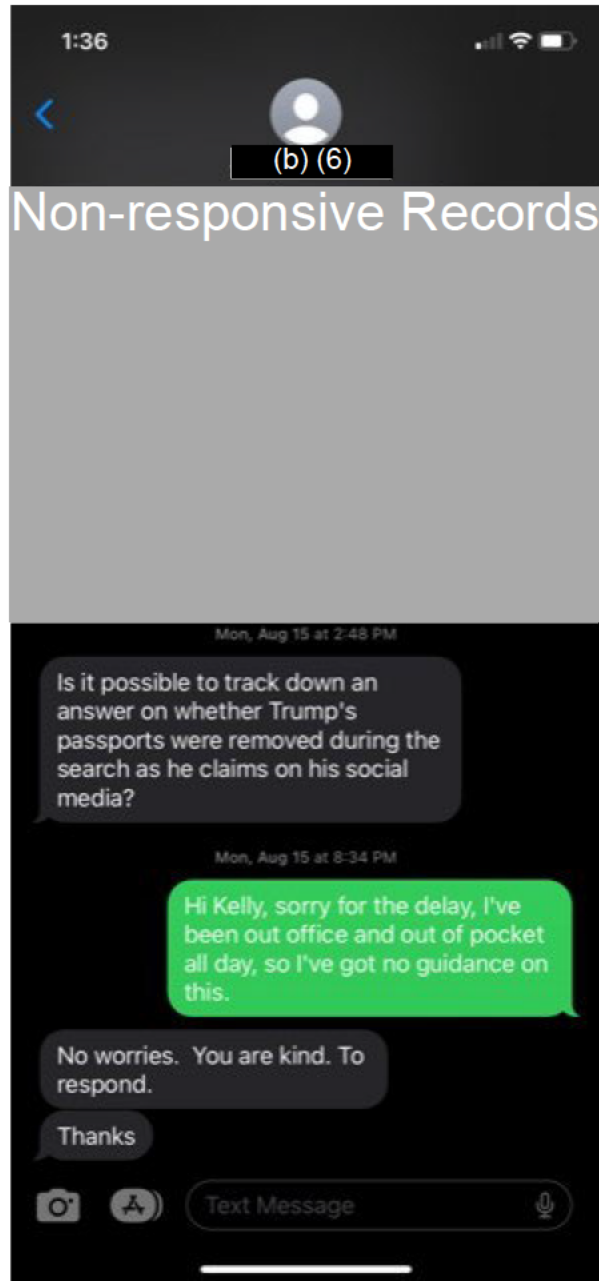

Please let me know. Thank you,

Dena Iverson
