Evan/Jim:

I'm adding Deputy Chief (b)6 per NSD who is assisting me in supervising this matter. We can speak at 4:45. Otherwise, 9 am tomorrow would work.

Matt:

I hope that you are well.

Are you available for a call today with me and Jim Trusty? We represent President Donald J. Trump.

Please let us know if 4 pm works, or if you prefer another time. The call should last 15 minutes or less.

I can set up a call-in number or can dial you directly if you have a preferred number.

Best regards,

Evan

Hi, Jim. Jay is currently out of pocket, but I will touch base with him and circle back on timing. In advance of a call, I'm attaching the government's motion to unseal certain materials and the proposed, redacted materials to be unsealed. The redacted materials are Docket Entry 17. We have permission to share the under seal documents with you for your review (these are redacted versions of what was left at the time of the search).

Best wishes,

Jim/Evan

In light of President Trump's statement last night on his social media platform that he wouldn't oppose the release of the court documents and encouraged their "immediate release," may we represent to the court that you have confirmed that this constitutes non-opposition/consent to the motion? **YES** If so, I think that also would obviate the need for a call at 2.
